SECTION 4 – PARTICIPATION LEVEL

Please select the sport this application relates to. If you wish to apply for multiple sports, you must submit separate applications for each sport and include the appropriate endorsement for that sport.

Please select the level at which you currently compete. This should not be the level you aspire to or have played in previous years. If selecting RAF representative or above you will need to evidence your participation at this level and your endorser will need to confirm this level.

- **Development - Station/Masters/Other** – This level applies to individuals who have not been selected at RAF representative level or above and includes juniors, development squads, masters, grass roots, squadron, wing and branch levels.
- **RAF representative & above** – This level applies to individuals who have been selected to represent (compete for) the main RAF team(s) at recognised fixtures, including inter-service. This level does not apply to individuals currently playing in the RAF development squads, masters or station level team participants. County representatives are considered as participating at this level. The 'above' applies to individuals who have been selected and will be regularly competing at recognised UKAF events/fixtures, or Tri-service team events. This level also applies to individuals who regularly represent at national/international level.

Where an applicant's level increases later in the year, an additional application may be submitted for supplementary funding.

If you are unsure which level applies to you or you require further clarity, please contact the Grants team at sportsgiants@rafcf.org.uk or speak to your RAF Sports Association.

SECTION 5 – RAF SPORTS ASSOCIATIONS
